Draft Main Elevation to Boulevard

Draft Side Elevation

Draft Section AA

Sacred Heart College sits at the south-west end of the Boulevard, with views over the Strule River to the distinctive steepled skyline of Omagh.

The College is set slightly back from the Boulevard to enhance the public realm in front and enjoys easy access to the Shared Education Hub and Sports Centres.

A double height entrance/reception provides a marker for the College and leads directly to one of the two internal landscaped courtyards. These courtyards and the multi-purpose hall give order to the internal layout on all levels and help to animate the interior with movement and light.

On each of the floor levels, self-contained learning resource centres are defined by groupings of specialist subject classrooms. These centres are multi-functional and offer opportunities for different modes of learning with access to a range of IT facilities. Other smaller ICT hubs and social spaces are spread throughout the College and provide informal learning and social interaction spaces.
